EXPERIENCE

Oyan / UI/UX Developer

June 2019 – August 2019

- Delivered high fidelity designs and prototypes for an information and safety platform for protesters.
- Conducted market research and usability testing to translate findings into workable user interfaces.
- Collaborated with the product design team to ideate, design and test the application

Expenses Tracker / Front-End Web Developer

May 2019 – July 2019

- Led the user experience and interface design for an expenses tracking web application.
- Designed and implemented the front-end using HTML, CSS and JavaScript.
- Worked closely with the back-end development team to integrate the interface design into the application.

BareMinerals / Freelance Demo Artist

October 2017 – May 2019

- Communicated with clients to identify their product needs.
- Contributed to achieve event sales goals by effectively presenting product features.
- Participated in various special events, marketing, and promotional activities.

Influence Marketing / Brand Ambassador

March 2018 – May 2019

- Generated consultations and sales to meet objectives by applying brand selling methods, expert product knowledge and strong selling techniques.
- Worked with store management and staff to optimize business opportunities and provide assistance in inventory management.
